

VOL. 1 — SUN EXECUTIVES

(Born on 1, 10, 19, 28)

Global Corporate Numerology — Behavioral & Psychological Blueprint of Corporate Executives Born on 1, 10, 19, 28

This book explores the leadership psychology, authority behaviour, communication style, pressure response, and executive mindset of individuals born on 1, 10, 19, and 28 across all 12 zodiac signs and behavioural SPAN™ layers. Based on the SAPANDA SPAN™ framework inspired by classical Cheiro decans, the book explains why the same Number 1 personality behaves differently under different zodiac and behavioural influences.

Designed for founders, HR professionals, business owners, leadership teams, recruiters, consultants, and serious numerology learners, this work focuses on practical behavioural understanding rather than vague prediction. It studies executive temperament, leadership maturity, decision-making, role-fit, team dynamics, and real-world behavioural patterns inside modern corporate environments.
