

The Deeper Truth of Numerology

Why the Same Number Behaves Differently for Different People

By SAPANDA – Life by Design

Most numerology systems explain numbers through fixed meanings and simple labels. This book goes far beyond that surface-level approach. *The Deeper Truth of Numerology* explores why two people with the same number can still think, behave, struggle, and grow in completely different ways.

Rooted in authentic Chaldean principles, Cheiro-inspired foundations, behavioural interpretation, and the SAPANDA integrated approach, this book studies numbers as living forces that interact, influence behaviour, create inner conflict, and shape life patterns differently in every individual.

Written in a calm, practical, deeply human, and non-fear-based style, this work is ideal for serious students of numerology, psychology, behaviour analysis, self-awareness, and deeper life understanding. A thoughtful foundation book for readers seeking clarity beyond simplified digital numerology.
